**FORM** 

<sup>\*</sup>The balance of cash, cash equivalents and investments in the fund at the beginning of the budget year

<sup>\*\*</sup>List requirements by organizational unit or program, activity, object classification, then expenditure detail. If the requirement is "not allocated", then list by object classification and expenditure detail.

- 26 Corporate Costs: Consists of bank and sales fees for accounts.
- 27 Transfer Out: This line consists of \$4,000 forecast from online book sale revenue.

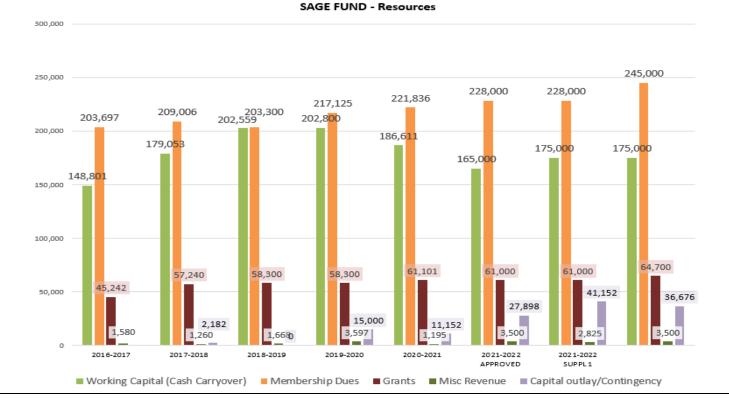

### LB 10 Sage Fund

This fund is used exclusively for operation of the Sage Library System. BCLD assumed fiscal agent responsibilities from Eastern Oregon University (EOU) as of July 1 2014. The Sage User Council approves the fundamentals of this budget at its regular meeting in March each year. The revised and proposed budgets may be slightly modified based on more recent information.

#### **Resources**

Sage has its own revenue source through membership fees and grants and maintains its own operations reserve as unappropriated ending fund balance.

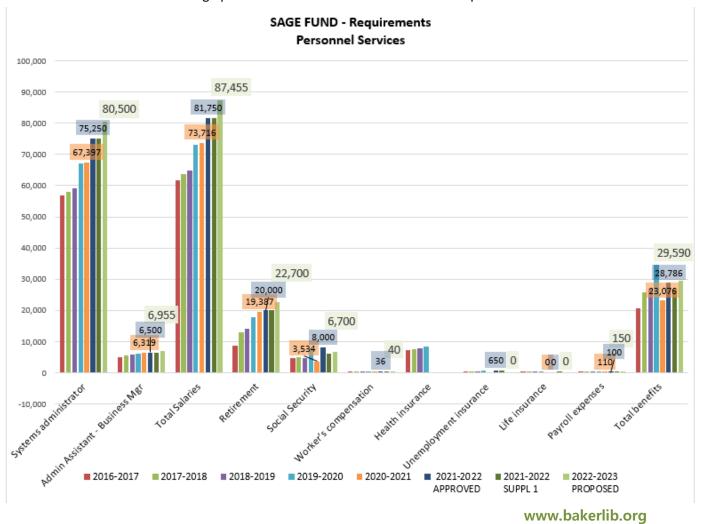

- **2 Net working capital (AKA Cash on hand / Cash carryover)**: Like the General Fund, this is the base amount of Operations Reserve that Sage has accumulated to support expenses accrued from the start of the fiscal year until membership dues and grants are received. Sage needs between \$135,000 \$150,000 to operate through November.
- 5 Interest: Place taker only. Sage funds are not held in an interest bearing account.
- 6 -- Membership dues: Sage has needed to raise its dues by 3.1% this year to accommodate various increased operations costs.
- 8-- Restricted grants: An annual LSTA grant from the Oregon State Library supports half of Sage's courier services at approximately \$61,000. The full Sage courier calculation includes a cash contribution as reflected in the budget expense category plus in-kind expenses from various members.
- 9 Miscellaneous revenue: primarily reimbursement payments from select members for use of Sage cataloging resource.

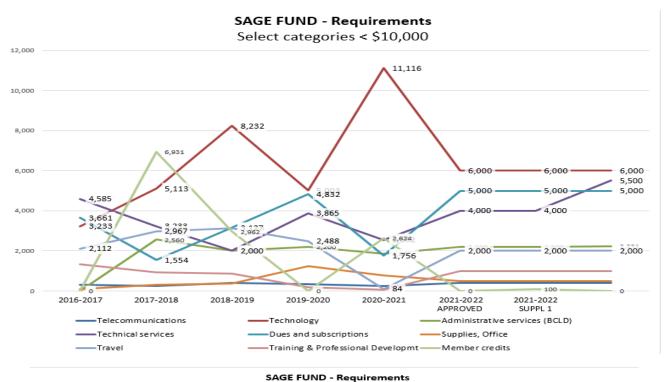

#### Requirements

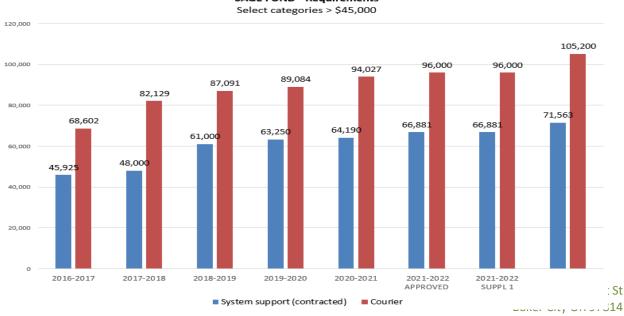

Expenditures from this fund are for staff and various services, technical support contracts, materials, training, grant and special project needs, or any other purpose the Sage User Council chooses to fund. This fund operates from a bank account that is separate from the BCLD general fund. Sage checks are authorized by the Sage administrator and signed by District Library Director and Board President. No interfund transfers between the Sage Fund and other BCLD funds are allowed. Bills that include costs for both BCLD and Sage are paid by BCLD, then Sage compensates the District. Financial reports are reviewed monthly by the BCLD board and bi-monthly by the Sage User Council.

- 19-20 -- Personnel / Salaries: One Systems Administrator is listed here. The other is an independently contracted support service staff listed in Materials & Services under System Support.
  - As described in the General Fund Resources notes, the District assesses a fee for fiscal agency services based on 2% of the previous year Sage budget total. This amount covers primarily for the Admin Services Manager labor and oversight from the Director. The balance of the assessed fee less accounting costs is paid back to BCLD, which is projected at around \$2,200.
- 23-29 -- Personnel / Benefits: These amounts are based on the same rates as regular BCLD staff.
   Ordinarily the Health Insurance line includes the District's premium only; the \$1,500 liability for deductible reimbursement is in contingency. In FY20-21, the Sage Administrator officially retired and was rehired having opted out of the district's health insurance plan.

- **30-47 Materials & Services**: These categories are identified and budgeted by the Sage Budget Committee.
  - \*Note: line 48 for "Member credits" is a restricted fund balance of overpayments received several years ago from the Southern Oregon Library Network. The amount is in the process of being returned to SOLN, or refunded in the form of credit for membership payments, or reserved for work dedicated to SOLN only. In FY20-21, the remaining balance of credits was dispersed.
- 52 -- Capital outlay: This fund is reserved for server upgrades and expansions.
- 53 Contingency: This fund is reserved for emergency need.
