## LEARN

**Wow in the World podcast:**
Join the hosts on a journey away from your screens, inside your brain, out into space, and deep into the coolest new stories in science, technology, and innovation. This podcast is great for young kids and their adults!

## TALK

**Choose a Shape of the Day.** While you're out, search for that shape together and talk about their similarities and differences. When talking about what's the same and different, they learn to make connections, a skill that is at the core of learning!

## Play

**Build a Fort!**
Gather blankets and pillows and challenge your kids to create a cozy reading fort in a new space. Maybe under the dining table or behind the couch?

## Write

**Scarecrows and Pumpkins!**
Color, cut put, and put together your scarecrow!

Use the glue pens and sequins to decorate your mini pumpkin! OR decorate however you want!

## LISTEN
